Another Dairy is to be started near the city in a short time.

ICE HOUSES ought to rent cheap, judging from the prospects of a crop of ice this season.

WORK on the African M. E. Church is progressing rapidly. It will be ready for dedication before a great while.

THE river has been on a high for some days past. Like most things that get "on a bend," it will go down after a while.

MR. W. P. LINDLEY has bought the house which Messrs. Rawls & Ramey occupied last year, and has moved his entire stock of groceries into it.

THE Russellville Herald says: "We have not lost half a dozen of our old subscribers, and new ones are coming in lively." Success to the Herald.

MR. McCORMACK has completed several fine Rembrandt pictures, premiums awarded to our subscribers on the \$4 plan, which give great satisfaction.

OUR coal dealers are keeping the market well supplied with this indispensable article this winter. All who have the greenbacks can keep warm.

QUIT reading your neighbor's CHRONICLE and subscribe for it. It looks better, and will make you feel better for acting justly towards the printer.

REV. J. B. WEST, D. D., will preach at the M. E. Church to-morrow morning, and Rev. J. M. Wright will preach at night. Let them have good congregations.

ELDER C. M. DAY will preach at Hazelwood church in this county, on the 4th Sunday in this month, and on the 4th Sunday in each month thereafter during this year.

MR. J. CONROY, at Arlington, Tenn., is making an excellent article of lime, called Arlington Star Lime. You can order it from Mr. F. G. Williams, agent, in this city, and get a supply.

MR. WILCOX, the excellent prescrip-tionist and an unobtrusive, clever gentleman.

ACCIDENT.—We regret to learn that little Fannie Turnley, daughter of W. H. Turnley, of this city, got under her feet badly scalded last Tuesday, by her up-betting of a stew kettle of boiling water.

THE Gilbert Sisters, after making a tour through Mississippi, Alabama and Georgia, are now playing in Florida. They report plenty of money and plenty to eat in the land of orange blossoms.

AN advertiser in the Shelbyville New Era embraces twelve commandments in his advertisement, informing his customers what they must do. If he and his customers obey the original ten they will do well.

TOBACCO.—Messrs. C. Kropp and B. K. Gold have commenced the stemming business at New Providence. This substantial firm have secured a competent gentleman, Mr. J. P. Manson, to act as agent.

MESSRS. R. D. Moseley and J. E. Moseley will be in the office of Mr. Sam Johnson, instead of January, as we stated last week, for the collection of County and Railroad taxes.

THE Nashville Christian Advocate, of the 10th inst., furnishes a full report of transactions in the matrimonial market, having sixty-nine marriage notices in that issue, fifty-one of the number occurred in December last.

THE real estate of the late Governor Pickens of South Carolina was recently sold at auction—his wife becoming the purchaser. Three farms, covering seven thousand acres were sold for \$21,700, or an average of \$31.10 per acre.

W. L. GARDNER has rented the commodious room next door to Barker & Courts, and is fitting it up in his own peculiar and imposing style. He will soon exhibit a stock of wall paper, pictures, frames, etc., that will be unsurpassed in this country.

OUR clever, energetic young friend, Fred G. Williams, still retains the position of salesman in the grocery business of Mr. H. Frech, where he has been for a long time, giving general satisfaction to his employer and the numerous patrons of the house.

REV. J. M. WRIGHT will deliver a lecture to the pupils of the M. E. Sunday School next morning. It is the desire of the officers of the school that a goodly number of the congregation will be present, as it will not conflict with the regular morning service at the Church.

The Teacher's Institute.

We publish in today's issue a call from the County Superintendent for a Teacher's Institute to be held in the city from the 27th to the 31st inst. We are informed by the Superintendent that the Institute proper will be conducted during the day under the skillful management of Prof. A. S. Lorenz, Kentucky, whose noble, self-sacrificing efforts in behalf of education in that State, have won for him the highest marks of esteem from the Superintendent Henderson, and the universal plaudits of the people. His signally marked skill as an Institute conductor, will render the exercises of the Institute peculiarly instructive and entertaining to all. In the evening there will be appropriate addresses delivered on such educational subjects as the orators may select. The Superintendent also informs us that committees on arrangements and entertainments have already been appointed, and that committees on music and program are being arranged. We have the list of the committees on arrangements and entertainment, and we feel assured that we give no offense to others of our citizens, who are fully capable and equally as deeply interested in the cause, when we say that the selection is an admirable one. Mr. Ed. Lewis is chairman of the committee on entertainment. The committee on arrangements will be convoked by Mr. H. C. Merritt, the committee not yet having selected a chairman.

We have also had a peep at the list of those embraced in the committee on music and, though as yet incomplete, we find there the names of some of our most gifted vocalists. The object of the committee is to secure music for the Institute, and every one is invited to participate. Certainly no one who has at heart the educational interest of the county and who feels as every one must, the importance of having the very best instructors to watch over and direct the educational training of the youth of the county will fail to attend. When we reflect that there is not a single white normal school now in operation in the State, and that through the agency of Teacher's Institutes alone can the work of training teachers be accomplished, until such schools are started, we hope that the lethargic indifference and selfish prejudices of our citizens will be for once and forever laid aside, and that they will unite with the County Superintendent in his efforts to make the Public School system of Montgomery County the best in the State.

Clarksville Female Academy.

The second term of the present session of this deservedly popular Institution, under the control of Rev. J. M. Wright, will commence next Monday. The patronage continues to be good, and patrons are highly pleased with the discipline and thorough instruction imparted to the children. We trust that the worthy President may be promptly paid, so as to enable him to keep this excellent school up to its present high standard. All who are indebted to the Academy, are urged to pay up, as it is impossible to conduct a school of such magnitude without promptness on the part of its patrons. He has quite a number of highly educated, accomplished lady teachers, who command large salaries—the boarding department is large, and requires a vast outlay of cash—lights, fuel, and many other incidental expenses have to be paid for in cash—therefore it will be seen that there is such a burden of expense that prompt payment on the part of patrons is absolutely necessary to success, and none will secure the good results of its success more than the pupils who attend.

We are frequently asked why we do not urge upon the Corporate authorities, the importance, to the business of Clarksville, of free bridges.—We have long believed that the trade of the city has been damaged more than enough to pay for the bridges and make them free. But we must go back behind the coat of getting in, and out of, the town to account for its want of growth in wealth and population. It is an old and wise saying, that to have things well done, do them your-selves; and in nothing is it more strictly true than in the management of corporate matters. We are at a loss to know how it is that capitalists and property holders are content to confide the most important interests to the discretion of such agents as the accidents of elections may place in authority. Business men make nothing by leaving to others the choice of their business agents, and until they take hold of the finance of the city and, by implication, all of its material interests, progress must be slow, if not impossible. They say, we have no time from our private affairs to devote to the public welfare, if satisfactory to themselves, is clearly so to the mass of citizens who have little at stake.

A NEW stock of clothing has been opened by Mr. J. L. Blanton, of Nashville, at McCulloch's old stand, next door to Harrison, Massie & Co. The stock consists of everything desirable for the season, and Mr. B. being fully aware of the stringency of the money market has marked his goods at such a figure that will enable all to buy something genteel and comfortable for winter wear. Mr. B. is an accommodation, energetic business man, and will take pleasure in showing you his goods whether you purchase or not. See his advertisement in to-day's paper.

It is intimated in the Committee's report, that the county ought not to be responsible for the cost of collecting taxes from the city, which it can derive from the act of the Legislature elsewhere published, we think, gives the county the same right to the lands bid in for it, as is claimed by the State in like circumstances, and if the Court fail to reimburse itself for costs, the fault is its own, not that of the parties with whom it makes contracts for work.

DR. R. D. McCauley, the druggist, has bought the house recently occupied by W. L. Gardner. The Dr. will remove his stock on the opposite side of the street until he can erect his permanent building in the building he has bought. Mr. Mattill will take the house to be vacated by Dr. McCauley, where he will conduct his confectionery business.

The Convention of Judges and Attorneys General.

We publish in today's issue a call from the County Superintendent for a Teacher's Institute to be held in the city from the 27th to the 31st inst. We are informed by the Superintendent that the Institute proper will be conducted during the day under the skillful management of Prof. A. S. Lorenz, Kentucky, whose noble, self-sacrificing efforts in behalf of education in that State, have won for him the highest marks of esteem from the Superintendent Henderson, and the universal plaudits of the people. His signally marked skill as an Institute conductor, will render the exercises of the Institute peculiarly instructive and entertaining to all. In the evening there will be appropriate addresses delivered on such educational subjects as the orators may select. The Superintendent also informs us that committees on arrangements and entertainments have already been appointed, and that committees on music and program are being arranged. We have the list of the committees on arrangements and entertainment, and we feel assured that we give no offense to others of our citizens, who are fully capable and equally as deeply interested in the cause, when we say that the selection is an admirable one. Mr. Ed. Lewis is chairman of the committee on entertainment. The committee on arrangements will be convoked by Mr. H. C. Merritt, the committee not yet having selected a chairman.

W. C. MONTAGUE, a highly respected citizen of Franklin, Ky., died on the 4th inst. A better hearted man than Clem. Montague never lived. We knew him well, years ago, when he resided in this city. He was a genial, intelligent companion and a true friend.—His kind family and friends have our sympathy in their bereavement.

WE understand that the ladies of the Presbyterian Church, propose getting up some kind of an entertainment early in February, with the view of creating a fund towards the furnishing of their proposed new church building, this portion of the work having been assumed by them.

Two brothers, G. M. Tinker, of Russellville, Ky., and M. Z. Tinker, of Evansville, Ind., had lost sight of each other for twenty-four years, but an advertisement in the Evansville Courier was the means of bringing them joyfully together last week. Advertisers will accomplish wonders.

WE call attention to the card of Messrs. J. F. and A. F. Smith, Tobacco Inspectors in New York. These gentlemen are well known in this city and section as reliable, courteous gentlemen, who attend to the interest of those who entrust business with them.

A PROTRACTED meeting is in progress at Madisonville, Ky., at the Church of which Rev. W. L. Caskey is pastor. Rev. B. M. Taylor, of this city, has been preaching there for several days, and will continue to do so until the close of the meeting. He reports a good meeting, the altar being crowded with mourners.

PERSONAL.—Mr. W. J. Patrick, traveling agent for the Queensware house of Mark & Warren, of Evansville, has been spending sometime in our city and surrounding country. He displays much energy and capacity in his business. We thank him for favors.

J. D. BAILEY, our carrier-boy, has opened a grocery on Third street, between Franklin and Main, where he will keep groceries, confectioneries, fresh fish, meats, butter, eggs, etc., of the best and will sell them cheap for cash. He is a worthy boy deserving of patronage.

WE will continue to furnish the Chronicle and Courier-Journal for \$3.25, to all new subscribers or to all old ones who pay arrears and then in advance for twelve months. See column announcements in this issue.

THERE was a considerable change in the weather last Wednesday night, and Thursday was the coldest day this season. Owners of ice-houses were rejoicing at the prospect for an ice spell.

"FORGET THEE," words by Rev. Moultrie, composed by W. C. Tower, is a beautiful piece of music sent us by D. P. Pauls, publisher, No. 70 Main Street, Louisville, Ky.

MRS. M. I. FRAYSER, will take in any kind of sewing, and will do it as neatly as any one, at low rates. Residence on Main Street second door east of Sixth Street.

THE Clarksville Tobacco District Council held their meeting last Monday, but we are not in possession of any proceedings to enable us to publish them.

THE President has withdrawn the name of Caleb Cushing for the office of Chief Justice. Hon. B. H. Brewster, of Kentucky, has been nominated.

MR. B. H. WISDOM, of Paducah, has been in the city for several days. His many friends here, where he is so well known, are always glad to see him.

DROWNED.—A negro deck hand, called Red, fell overboard from the Steamer Cooke, while she was loading at our wharf last Wednesday night and was drowned.

THE County Court of Chatham County last Monday levied a tax for county purposes, for the year 1874, of 20 cents on each \$100 worth of taxable property and 50 cents poll tax.

It is intimated in the Committee's report, that the county ought not to be responsible for the cost of collecting taxes from the city, which it can derive from the act of the Legislature elsewhere published, we think, gives the county the same right to the lands bid in for it, as is claimed by the State in like circumstances, and if the Court fail to reimburse itself for costs, the fault is its own, not that of the parties with whom it makes contracts for work.

DR. R. D. McCauley, the druggist, has bought the house recently occupied by W. L. Gardner. The Dr. will remove his stock on the opposite side of the street until he can erect his permanent building in the building he has bought. Mr. Mattill will take the house to be vacated by Dr. McCauley, where he will conduct his confectionery business.

THE river was receding last Thursday, with about twenty-seven feet on Harpeth Shoals.

AS we go to press there are about 24 feet on the shoals.

READ the statement of the First National Bank, of this city, which we publish to-day.

CLASS MEETING will be held at the residence of R. H. Pickens next Thursday night.

Editors CHRONICLE.

I ask permission through your columns to call the attention of the Gas Company, or the having it in charge, to the character of the gas they are furnishing their consumers. It is getting to be so offensive that it is almost impossible to use it, especially with closed doors and windows; and during these very cold nights they cannot be left open with comfort to the inmates. No place in the country, I am informed, pays more, if so much, as we do for gas, and it is nothing but right that we should have a pure article. The gas manufactured here has a sulphurous smell, which, of itself, is very disagreeable and, it is believed, quite unhealthy, and if the Superintendent of the works cannot improve it, lamps and oil will soon take its place.

Now that Pittsburgh coal can be had at a moderate price, it does seem that good gas could be made and furnished to consumers, who pay so much for it. The present article will not do, and I trust it may at once be improved. Candles, lamps, or anything that will not choke the consumer is preferable. We prefer gas if made right, but smoke and sulphur is not what we want in ours.

THREE young men of the city having purchased a Wild Cat, propose to give a public Cat fight at the C. H. and L. House next Monday night, at 8 o'clock. They offer a premium of \$5 for any two ferocious dogs not weighing over twenty pounds each, a premium of \$3 for any dog not weighing forty pounds, or \$2 for any dog of any weight that will fight the cat. Competent judges selected. Admission 25 cts. Boys 15 cts. Any one bringing a bound and guaranteeing a fight, admitted free. Proceeds benefit of C. H. and L. Co.

AS we go to press we notice that several persons are putting up ice. It is about two and a half inches thick.

WE will give the proceedings of the Convention of Judges in our next issue.

Proclamation to the Representatives of the "Clarksville Tobacco District Council."

The unfinished business of the Council requiring that a meeting should be held at an earlier day than the regular time, and being the request of the Council in session that said meeting should be held in the town of Guthrie:

I do, therefore, issue this my proclamation, convening said Council to meet in the town of Guthrie, on the first Tuesday in February, at 10 A. M., to complete all unfinished business, and after said business may come before said Council, under the rules and regulations governing said council.

I do further request all subordinate Granges in the counties of Todd, Logan, Christian, Muhlenberg and Trig, of Kentucky, and Robertson, Chatham, Montgomery, Stewart, Dickson, Humphries, Houston, and Henry of Tennessee, and such other adjacent counties as may wish to unite to send delegates to said meeting.

WE saw the superior Jack, Bob Lee, in town on Monday. By common consent is considered to be the finest Jack in the county; as a breeder he is considered the best in the county. We learn he has been purchased by our young friend Bryant Whitfield, and intends to make a season with him and a No. 1 saddle and harness Stallion at the J. Ligon place, one mile South of Cherry's Station, on the Port Royal road.

OUR proposition to furnish the CHRONICLE and a fine Rembrandt picture, to be taken by Mr. McCormack, for \$4.00, admits of the subscriber having his own, or the likeness of any member of his family.

\$2 WILL pay for the CHRONICLE one year.

\$4 will pay for the CHRONICLE and a fine Rembrandt picture—McCormack's best.

The pictures we offer will be gotten up in McCormack's best style—and all know he cannot be excelled.
